

Message from the Principal

Mr. Thaddeus Kohli
Principal

At St. Xavier's, guided by Jesuit ideals, we nurture not just academic excellence but, more crucially, the character of each child entrusted to us. Our mission transcends mere intellectual achievement; we strive to cultivate moral values that shape responsible, compassionate individuals.

Our Belief

We recognise that a child's proficiency in studies, sports, or arts is noteworthy, yet it is the grounding in ethical principles and character that truly defines their contribution to society. Identifying and nurturing passions alongside instilling values are foundational to fostering lasting, positive change.

Jesuit Principles in Action

Infusing Jesuit ethos into academics, extracurricular pursuits, and everyday student life lies at the heart of our approach. We emphasise learning and leading as intertwined aspects of transformation. Our endeavour is to mould individuals who embody empathy, integrity, and a commitment to service.

Our Objective

Women and Men for and With Others encapsulates our core aspiration. We seek to nurture students who love, serve, and work alongside their fellow beings, thereby contributing to a more humane society. Through selfless engagement, we believe collective growth and respect are achieved.

A Reflection

"Knowledge will give you power, but character will give you respect." At St. Xavier's, we steadfastly focus on building character, empowering students to emerge as responsible citizens, dedicated to the betterment of our nation and the global community.

Sincerely,

A handwritten signature in green ink, appearing to read 'Thaddeus Kohli', with a stylized flourish underneath.

Mr. Thaddeus Kohli
Principal, St. Xavier's School, Pune
